

Naval Air Station - Whidbey Island ADM Nimitz Dining Hall

Month: June 2019

#	Meal	Suggestions/ Comments	Food Service Officer's Response
1	Breakfast	Whoever is making the tocino chicken now, please stop. You've managed to turn what was easily one of the best meals in the galley into one of the worst. Thanks.	We will look into what has changed. This menu item should come out the same every time. Thank you for bringing this to our attention.
2	Breakfast	Breakfast was awful. Thanks.	We apologize if you had an unpleasant dining experience with us. We will continue to improve and ensure that breakfast is of high standards and quality.
3	Breakfast	I wish breakfast stayed opened an hour later. Dinner should stay opened until 7 PM. I love your galley. Please offer pies (such as pecan, apple, egg, custard, some low calorie desserts would be great).	We are very happy to hear that you love the galley! Unfortunately we can not change the operating hours of the galley, however we can look into adding more pies to our dessert items, as well as some low calorie desserts. Thank you!
4	Lunch	Staff was very courteous and helpful.	I will pass on your positive comment to our staff. Thank you!
